

Lockleaze Neighbourhood Trust

Safeguarding Policy

Purpose

Lockleaze Neighbourhood Trust (LNT) believes that everyone has the right to be kept safe from harm whilst using our services. This applies to all regardless of gender, ethnicity, disability, sexual orientation, or religion.

Children, young people, and vulnerable adults are particularly at risk and so it is important that LNT understands how to protect these groups when they use our services, attend classes at The Hub or visit Boing! Soft Play.

This policy sets out the procedure for dealing with and reporting incidents, as well as the general measures LNT will take to limit exposure to harm.

Implementation

All LNT volunteers and staff members will have access to this policy, it will be discussed as part of their induction, and they must agree to apply it in practice. Staff members or volunteers who come into contact on a frequent basis (more than 5 times a year) with children, young people or vulnerable adults will:

- Attend appropriate training.
- Be DBS checked.
- Have regular discussions within supervision sessions about their practice and implementation of the policy.
- Complete a risk assessment which involves identifying and minimising or eliminating any risks associated with working with children or vulnerable adults.

Lead Trustee

A lead trustee will be appointed to provide oversight of safeguarding and to lead on any incident investigation and reporting.

Applicability

This policy applies to anyone working on our behalf, including our trustees and other volunteers.

Partner organisations will be required to have their own safeguarding procedures that must, as a minimum, meet the standards outlined below, and include any additional legal or regulatory requirements specific to their work. These include, but are not limited to other [UK regulators](#), if applicable.

Safeguarding should be appropriately reflected in other relevant policies and procedures.

Principles

We believe that:

- Nobody who is involved in our work should ever experience abuse, harm, neglect or exploitation.
- We all have a responsibility to promote the welfare of all of our beneficiaries, staff and volunteers, to keep them safe and to work in a way that protects them.
- We all have a collective responsibility for creating a culture in which our people not only feel safe, but also able to speak up, if they have any concerns.

Types of Abuse

Abuse can take many forms, such as physical, psychological or emotional, financial, sexual or institutional abuse, including neglect and exploitation. Signs that may indicate the different types of abuse are at Appendix 1.

Reporting Concerns

If a crime is in progress, or an individual in immediate danger, call the police, as you would in any other circumstances.

If you are a beneficiary, or member of the public, make your concerns known to a member of our team, who will alert a senior member of the charity.

For members of the charity, make your concerns known to your supervisor. If you feel unable to do so, speak to a trustee.

The trustees are mindful of their reporting obligations to the Charity Commission in respect of [Serious Incident Reporting](#) and, if applicable, other regulator. They are aware of the Government [guidance on handling safeguarding allegations](#).

Responsibilities

Trustees. This safeguarding policy will be reviewed and approved by the Board annually.

- Ensuring that all appointments that require DBS clearance and safeguarding training are identified, including the level of DBS and any training required.
- Ensuring that a central register is maintained and subject to regular monitoring to ensure that DBS clearances and training are kept up-to-date.
- Ensuring that safeguarding requirements (eg DBS) and responsibilities are reflected in job descriptions, appraisal objectives and personal development plans, as appropriate.
